

IN THE ABSTRACT:

Amend the abstract as follows:

A method for a ~~knowledge-based~~ survey-based casino game. A first embodiment provides the ~~knowledge-based~~ survey-based casino game as a bonus game for an underlying casino game. A second embodiment provides a stand-alone ~~knowledge-based~~ survey-based casino game and a third embodiment provides back-and-forth play between a casino game and a ~~knowledge-based~~ survey-based casino game.
